a time.

Become a BioPark Parent

903 10th Street SW
Albuquerque, NM 87102

Simply choose your animal or plant.

Then choose your sponsorship level. Fill out the application and send to the NMBPS. Need help selecting a species? Give us a call at (505)764-6291. All sponsorships are valid for one year from date of purchase and are, of course 100% tax deductible. A current list of available species can be emailed, faxed or you can visit our website at nmbioparksociety.org.

Become a **Zoo Parent** with the adoption of an animal at the Zoo.

Become an **Aquarium Parent** with the adoption of fish and other aquatic animals at the Aquarium.

Become a **Garden Parent** with the adoption of a plant or insect species at the Botanic Garden.

Give the gift that invests in the future.

The perfect gift for the ecologically minded. Help preserve and protect the living organisms of the New Mexico BioPark. Adopting an animal, plant or insect allows you to get involved in the care of the Biopark's entire collection. Help make animal enrichment, species procurement and preservation and other programs possible. You can really make a difference!

Now supporters of the Parent Program have the entire BioPark to choose from. The ever popular ZooParent program is still going strong. In addition, fish and other aquatic animals are now available for support with the Aquarium Parent program at the Albuquerque Aquarium. Plants and insects at the Rio Grande Botanic Garden can also be championed by becoming a Garden Parent.

Your donation will be recognized on special signage specifically designed for BIOPARK PARENTS. At the Zoo the beautifully designed panels are in place around the central Cottonwood Park near the Band Shell. Aquarium Parents and Garden Parents will find their acknowledgment on similar signs at the Aquarium and Botanic Garden. We know you will find these new signs stunning public recognition of your donation.

Sponsor flora or fauna for yourself, your family, your company, class, or club. These adoptions make wonderful gifts for birthdays, anniversaries, holidays and other special occasions.

For as little as \$25 you may purchase a "share" of the cost of any animal or plant on the adoption roles. The cost of becoming a BIOPARK PARENT is fully tax-deductible and provides important resources for the New Mexico BioPark.

Corporations and Businesses – we suggest adoptions at \$1000+ levels. Businesses will get greater visibility as supporters if they are the exclusive "parent" of an animal.

Groups – we suggest adoptions at \$100+ levels.
